#81 Boggs is found with and without an errant ink dot following the word "Right" on the back and # 614 Orsulak with and without a white spot on batting cage at right (I have only found them with a very small white speck so most collectors will probably not bother with this one, unless another with a larger white spot is discovered ?) and # 578 Parrish may be found with and without the " i " in "Parrish" handwritten in a white circle, but waiting confirmation. Has anyone seen #655 checklist with a corrected #179 Bosio, not BOSIO, as spelled on checklist?

Box bottom cards are either Light gray or dark gray.
